

PUTS AN END TO INDIGESTION AND A SOUR, GASSY, UPSET STOMACH

A Little Diapiesin relieves bad Stomachs in five minutes

As there is often some one in your family who suffers an attack of indigestion or some form of Stomach trouble, why don't you keep some Diapiesin in the house handy?

This harmless blessing will digest anything you can eat without slightest discomfort, and overcome a sour, gassy Stomach five minutes after.

Tell your pharmacist to let you read the formula, plainly printed on these 56-cent cases of Diapiesin, then you will readily see why it makes Indigestion, Sour Stomach, Heartburn and other distresses go in five minutes, and relieves at once such miseries as Belching of Gas, Eructations of sour, undigested food, Nausea, Headaches, Dizziness, Constipation and other Stomach disorders.

Some folks have tried so long to find relief from Indigestion and Dyspepsia or an out-of-order Stomach with the common, every-day cures advertised that they have about made up their minds that they have something else wrong, or believe there is a case of Nervousness, Gastritis, Catarrh of the Stomach or Cancer.

This, no doubt, is a serious mistake. Your real trouble is, what you eat does not digest; instead, it ferments and sours, turns to acid, Gas and Stomach poison, which putrefy in the digestive tract and intestines, and besides, poison the blood with noxious odors.

A hearty appetite, with thorough digestion, and without the slightest discomfort or misery of the Stomach, is waiting for you as soon as you decide to try Diapiesin.

ORGAN MINES ARE SHOWING GOOD ORE

Mormon Mine Is Being Developed and Shaft Sunk; Rich Nickel Plentiful.

Las Cruces, N. M., Sept. 29.—The Mormon mine in the Organ mining district is one of the best properties there. The company, which owns the property has perfected arrangements by which active work will be resumed in a short time. The shaft which is now down to the 100 foot level will be immediately sunk to the 350 foot level and drifting started. This proposition is a gold one.

The Philadelphia company, which has been drifting from the bottom of the shaft on the Chippewa mine for several weeks, expects to strike the contact within the next few days. As soon as the vein is reached active work in taking out ore will be started and shipments made as fast as the ore can be hauled to the railroad in Las Cruces.

Next month the Salina Mining company, a Kansas organization in which Dona Ana county people are heavily interested, will begin work on its property. The company owns 13 claims.

The discovery of nickel in the Organ district promises to help revive the camp there to remarkable degree. Samples which have been found and analyzed run as high as 11 percent of the metal. It has been impossible to ascertain just where the discoveries have been made, but considerable work on the dumps of various properties and these will all be worked over. Nickel is a better proposition than copper and rock carrying even 7 and 8 percent of the metal can be mined and shipped at a profit.

STEPHENSON BENNETT MINE TO RESUME OPERATIONS

Directors Visit the Property in the Organ Mountains and Development Work Will Start Very Soon.

Las Cruces, N. M., Sept. 29.—J. L. McCullough returned from an extended trip in Kansas and Oklahoma yesterday, where he had gone in the interest of the Stephenson-Bennett mine in the Organ district. He was accompanied

by several of the directors of the mine. The property is one of the best in the Organ district. The company, which owns the property has perfected arrangements by which active work will be resumed in a short time. The shaft which is now down to the 100 foot level will be immediately sunk to the 350 foot level and drifting started. This proposition is a gold one.

The Philadelphia company, which has been drifting from the bottom of the shaft on the Chippewa mine for several weeks, expects to strike the contact within the next few days. As soon as the vein is reached active work in taking out ore will be started and shipments made as fast as the ore can be hauled to the railroad in Las Cruces.

ORGAN MOUNTAIN PEACHES SHOW REMARKABLE GROWTH

Severe Winters at High Altitude Do Not Interfere With the Growth of This Fruit Without Water.

Las Cruces, N. M., Sept. 29.—There is a display of peaches in the window of the Broadview Jewelry company from the Organ mountain district. There are two twigs, each having five peaches on it and the other having four. The peaches are very large and extremely rich in their coloring.

This fruit was grown in the yard of C. E. Rose, who is manager of the Mormon Mining company's property. They are from a year-old seedling trees, have had no irrigation and grew at an elevation of about 5000 feet.

The trees are bearing heavily this year, this being the second crop since the seeds were planted. The flavor of the fruit is excellent and the success which Mr. Rose has had has determined several other people in the mountains to plant fruit trees. Although the winters are severe in that locality, with considerable snow, there is no record of any fruit tree being killed.

DONA ANA CALVES DIE FROM SEVERE DROUGHT

Las Cruces, N. M., Sept. 29.—The Turkey outfit has been working the ranges for the past several days and this week will go into the San Andres district. The boys report that the calf crop for this year will run less than 20 percent, most of the calves dying during the dry spring and summer. However, the cattle are fat and in the best condition that they have been on that range for four years, and there will be plenty of grass to carry the stock through the coming winter. The indications now point to a record breaking calf crop next spring.

Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her finest and fairest. Why isn't it so?

The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is contained in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as sacredly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

Las Cruces and the Mesilla Valley

A. & M. STUDENTS AT MESILLA BUSY

Many Clubs Are Formed and Officers Elected; New Students Enrolled.

Agricultural College, N. M., Sept. 29.—A large crowd of Y. M. C. A. members, including a number of professors, heard an interesting talk along the lines of "Character Building" Tuesday evening by Dr. Mitchell, of Mesilla Park.

The boys at the Lafferty residence on college row, who recently organized, came to a final vote on the name of the club Tuesday. The name selected was O-wego-pl. During the same meeting it was decided to have a hayride Saturday.

The Agricultural club met again Wednesday. The main topic was that by Prof. Garcia. He discussed the subject of onions as related to the south-west.

The senior class and the junior class each held meetings for the purpose of electing officers for the year. The seniors elected the following: Percy Fitzgerald, president; John Powers, vice president; Miss Rayne Hines, secretary; Joseph Rigney, treasurer. The juniors elected for president, K. O. Windsor; vice president, John Haggart; and Dixon Deemer, secretary and treasurer.

B. B. Scoggins, of Mesilla Park, has received a fine lot of chickens from California. He received 600 of them and expects soon to be able to supply part of the market with poultry products.

Miss Blanche Cooper, who has been at her home in Springfield for some time, is stopping at McElie hall visiting friends for a few days before returning to her duties at the Providence hospital in El Paso.

Melchor de la Garza, who came to college Tuesday with his father from Chihuahua, Mexico, has enrolled as a student.

Dr. Seder, of Albuquerque, president of New Mexico's Anti-saloon league, will speak in the Mesilla Park school building Sunday.

Miss Ruth Chapman and her mother came in on Wednesday and the former will enter for studies.

Mr. Temple, of Artesia, N. M., who has been on a trip with the New Mexico National Guard to California, enrolled yesterday as a student.

Robt. I. Dillor has gone to El Paso. Earl and Eldridge Murphy, William Gosh, Arthur Davis, Hal and James Cox, Jeff and Dave Candler, and James went to El Paso Thursday to attend the circus.

Superintendent of public instruction Clark will take president Garrison's sister car overland to Santa Fe, where Mr. Garrison will make it during the constitutional convention.

CRUCES MILITIA HOME FROM CAMP

Won First Place Among New Mexico Companies; Two Missed Home Train.

Las Cruces, N. M., Sept. 29.—Company A, of the New Mexico national guards returned Tuesday evening from Atascadero, Calif., where the boys had been attending the national encampment. They report a fine time and won the first place among the New Mexico companies in the maneuvers. Two of the boys missed the train in leaving and are expected to show up in Las Cruces today.

ELKS HAVE INITIATION AT CRUCES LODGE.

Las Cruces, N. M., Sept. 29.—The Las Cruces Elks held a meeting Tuesday night at which Edward Baker was given the initiatory work and the answers placed upon him. The new degree team, composed of Dr. Barnhill, Consul Fuller and Louis Broadbent, with C. D. Case acting as exquire, did the honors. It being their first public appearance as a team, a Dutch lunch was served after the work. Saturday there will be a special meeting to initiate Dr. S. M. Briscoe, and at the next regular meeting four candidates from Engle will be given the work.

LAS CRUCES HOTEL ARRIVALS.

Las Cruces, N. M., Sept. 29.—Arrivals at the Don Bernardo hotel: A. A. Vetter, Kansas City; C. E. Baker, Gold Camp; Charles E. Head, McAllister, Okla.; M. W. Baker, Chicago; F. R. Robertson, El Paso; E. W. McNamara, Chicago; J. L. Daube, Chicago; M. C. Funderjenc, Endicott, N. Y.; C. W. Howell, Kansas City; O. J. Allen, El Paso; P. J. Savage, El Paso; A. E. Lawson, M. D.; Anthony; W. B. Warner, Denver; A. W. Hadley, El Paso; Ben Sley, Organ.

EL PASO THEATER OPENS OCT. 4

Grand concert El Paso Theater October 4; benefit Humane society. Tickets 50 and 75 cents. Usual place.

In buying a cough medicine, don't be afraid to get Chamberlain's Cough Remedy. There is no danger from it, and relief is sure to follow. Especially recommended for coughs, colds and whooping cough. Sold by all druggists.

THE ROAD TO LAS CRUCES AND WHY THE DELAY

People Are Urged to Present Their Case Before Commissioners' Court October 4.

Barham, N. M., Sept. 28. Editor El Paso Herald:

In reference to your Las Cruces correspondent's letter desiring to set the people of Las Cruces right on the subject of the road from Mesquite to Anthony and referring to my letter of the 18th, I desire to say I have found the people and taxpayers of Las Cruces with their heads and hearts both right on this proposition. The people of the lower valley are aroused and will hear from this time forth on the unnecessary delay of building this road.

When the Camino Real survey was made, which left the straight line—which was originally surveyed by the A. T. & S. F. R. R. by expert engineers and is conceded to be the best line through the valley for a railroad and therefore the best and shortest, easiest and most inexpensive of construction for a wagon road which has been adhered to on the Camino Real from Mesilla Park to Mesquite and from Anthony to El Paso—and went away and made a right angle off in the sand hills, increasing the distance several miles, it is certain it was not done in the interests of the road or the people of Dona Ana county or of New Mexico who will ultimately foot the bills for this egregious mistake.

Now the people were not aware of this diversion from the straight and easy path, but somebody influenced this survey and somebody is causing the unnecessary, uncalled for delay in the building of this road and it is the business of the people to investigate first, who the guilty party or parties are and whence their motive.

The people of Dona Ana county pledged the people of El Paso county some years ago that they would join them in building a road from Las Cruces to El Paso. El Paso is carrying out her part of this agreement in good faith and is constructing a road that has been pronounced by a government engineer, now on duty at the agricultural college, to be a good road.

This same engineer, who is detailed by the government as a good roads expert, to construct sample roads on the college grounds, has also pronounced on the location of the road from Mesquite to Anthony along the right-of-way of the A. T. & S. F. R. R. as a good road. The people of El Paso county who have been in building a road from Las Cruces to El Paso, are carrying out their part of this agreement in good faith and is constructing a road that has been pronounced by a government engineer, now on duty at the agricultural college, to be a good road.

The original Earham ditch was located from the Thompson ranch to Anthony, a distance of some six miles, in these sand hills, where the Camino Real has been surveyed. It was maintained there for years and finally abandoned, and a junction made with the Three Saints ditch in the valley for the reason it could not be maintained across the arroyos without number that were filled with water.

But why spend any more time in discussing the ditch than to say that the ditch was settled in the mind of every person who has examined the situation, whether he be expert or layman. The question now for Dona Ana county to settle is whether they will allow speculators, land grabbers, and corporations, by their agents and paid attorneys, to longer delay the building of this road to the end that they may be able to secure a few thousand acres of valley land at from \$7.50 to \$20 per acre and sell the same at from \$80 to \$100 an acre, as they have been doing in the past two years. These speculators have their agents in the field and their attorneys watching the records and are getting all the water they desire for their thousands of acres of land from the government diversion dam at Leasburg, while settlers and homesteaders are being driven out of a single drop and their orchards and crops are dying, and yet the government policy in constructing these reclamation reservoirs is not to allow any man to have over 160 acres of water on government land and not over 160 of private land under the Elephant Butte project. But the law and priority of right contracts with the existing ditches and other reclamation have been and are being used to give these large land holders water for thousands upon thousands of acres, and when we come to the front with a definite proposition to complete Dona Ana's road obligation to El Paso to complete this highway, we are met by the agents of these same men and by one means or another the attempt is wet blanketed and side tracked.

We now serve notice that the people living south of Mesquite will be at the commissioners' court in the first week of October to demand that the road be opened as petitioned for by the largest and strongest petition that ever went before that body for any public road. The people of the west side of the Rio Grande, known as the "Western Mesilla Valley Farmers' union," at a regular meeting, passed a resolution asking that the petition be granted and the road constructed, and they propose to be heard. There is one-half of the Mesilla valley area and fertility on the west side of the river and the population of the La Mesa school district is shown to be 500 children, and that is only a small portion of the west side. These people do not propose to travel from two to four miles east of the valley to reach a road when they are going to the county seat or to El Paso, when they, in common with the whole territory, are taxed to build this road.

The area south of Mesquite and east of the Rio Grande in the valley is about equal to all the land in the valley north of Las Cruces. In other words, Earham, which is four miles south of Mesquite and eight miles north of Anthony and immediately east of La Mesa, is in the center of the Mesilla valley, being 28 miles from El Paso and 28 miles from the north end of the valley. And yet in the appointment of committees in regard to this road not a single individual was appointed south of Mesilla Park. We

mean on the Santa Fe good roads committee. And of the committee appointed by two members of the county commissioners as an advisory committee to locate this road—five in number—only one was appointed south of Mesilla Park and he is east on a wedding trip, so we are not represented at all on any committee and have not been.

So let the people be represented at the commissioners' court October 4, and see to it that the viewers' report is considered in accordance with the law and the petition, which should have been considered a month or two ago, and that no further delay shall obstruct the opening of this road so that when the territorial engineer shall have come we will have a definite proposition to present to him and then let the good work go forward. Yours for action,

Ell Newsom.

NEW MEXICO QUAIL SEASON OPENS SAT.

Many Hunters Are Planning Trips; Rainstorm in the Organ Mountains.

Las Cruces, N. M., Sept. 29.—Tomorrow is the last day of the closed season for quail and several hunting parties have been arranged for to start from Las Cruces Saturday and Sunday. The law only allows each man to have 20 birds in his possession at one time.

Dr. B. E. Lane and T. C. Sexton will leave tomorrow night for Albuquerque to attend the closing functions of the meeting of the New Mexico Medical society.

J. M. Hughes, of Indianapolis, Ind., who has been spending several weeks in the Organ mountains on a camping trip, was in the city this morning on his way home. He expects to return next year and bring his family.

The range country between Las Cruces and the Organ mountains was visited by a good rainstorm yesterday afternoon and evening. Las Cruces received one and a half inches.

Mr. and Mrs. Earl Patterson came down from the Leasburg dam yesterday and this morning took the train for El Paso to attend the circus. Mr. Patterson's mother, Mrs. J. F. Patterson, of Roswell, will meet them in the Pass City.

Isolous Willis was a passenger this morning for El Paso to take in the sights of the metropolis to see the circus.

Mrs. John Lemon, wife of the deputy clerk, and daughter went to El Paso yesterday and will remain until this evening.

Mr. M. C. Logan has had the old Monarch hotel repaired and has changed the name to the Plaza hotel. R. E. French is seriously ill at his home in this city, being threatened with typhoid fever.

The members of the P. S. & W. E. society are making arrangements to hold a two days' reunion the first part of October.

CRUCES MAN FOUND INSANE IS TAKEN TO LAS VEGAS.

Many El Pasos Visiting in the Upper Valley Town; Politicians at Work in Dona Ana County.

Las Cruces, N. M., Sept. 29.—B. C. Broom, who has been located at Engle nears at work on the dam, was in the city Tuesday. He left yesterday for New York on an extended trip.

Eugene Van Patten and Catarino Armijo have gone to Berino, Anthony and some of the lower valley points in the interests of the new Progressive Republican party. They expect to be gone for several days.

Vincent B. May and wife went to El Paso last evening to remain for two days. While there Mr. May will make the final arrangements as to the plans for the new store building which the May boys are preparing to build on the site of the Rio Grande hotel.

The Postal Telegraph office has been moved into the Mitchell room next to the First National bank.

I. B. Bentley, the organ merchant, was in Las Cruces yesterday on business. He reports that the camp is beginning to show signs of increased activity.

Jasper B. Williams, stationed at El Paso, with the U. S. immigration service, is spending his vacation in this city, the guest of E. D. Williams and other friends.

E. J. Savage, of El Paso, was in the city yesterday and today, visiting friends and looking over the real estate situation.

Edward Ehle is confined to his rooms by illness.

Deputy United States marshal Harry Bloom, having finished his duties in this county, returned to his home at Albuquerque.

Sheriff Felipe Lucero left yesterday for Las Vegas, where he went to take Anna Membrillo to the asylum for the insane. Membrillo having been committed on Tuesday.

Miss Florence Dessauer, who has been spending the summer in Los Angeles, left that city yesterday and is expected to arrive in Las Cruces this evening or tomorrow.

P. Moreno returned yesterday from the City of Mexico, where he has been for the past two weeks attending the centennial celebration and visiting friends.

El Paso, Mrs. Nolan is at the Hotel Dieu, where she has undergone two operations. The physicians believe that the last operation was successful, but she will have to remain at the hospital for two or three weeks.

Dr. R. E. McBride has left for Albuquerque, where on Friday he will deliver the annual oration in medicine before the meeting of the New Mexico Medical society.

HERE IS A REMEDY THAT WILL CURE ECZEMA

"WE PROVE IT." Why waste time and money experimenting with greasy salves and lotions, trying to drive the eczema germ from underneath the skin when the Knoblauch Drug Store guarantees ZEMO, a clean, simple preparation for external use to rid the skin of the germ life that causes the trouble? One application will relieve the itching and often times one bottle is sufficient to cure a minor case of eczema.

In over 2000 towns and cities in America, the leading druggist has the agency for ZEMO and he will tell you of the marvelous cures made by this clean, simple treatment. ZEMO is recognized as the cleanest and most popular treatment for eczema, pimples, dandruff and all other forms of skin or scalp affections whether on infant or grown person. Will you try a bottle on our recommendation?

Danderine

Grows Hair and we can PROVE IT!

DANDERINE is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

A lady from St. Paul writes in substance, as follows: "When I began using Danderine my hair would not come to my shoulders and now it is away below my hips."

Another from Newark, N. J. "I have been using Danderine regularly. When first started, I was told that my hair was thin and I have the most beautiful long and thick hair that anyone would want to have."

NOW at all druggists in three sizes 25c, 50c and \$1.00 per bottle

Danderine enjoys a greater sale than any other one preparation regardless of kind or brand, and it has a much greater sale than all of the other hair preparations in the world combined.

FREE To show how quickly Danderine acts, we will send a large sample free by return mail to anyone who sends this free coupon to the KNOWLTON DANDERINE CO., CHICAGO, ILL., with their name and address and 10c in silver or stamps to pay postage.

WATER GARDEN IS PLANNED; NEW MEXICO A. & M. COLLEGE.

Basement of Old McElie Hall May be Used for the Purpose of Growing Water Plants of Many Kinds.

Las Cruces, N. M., Sept. 29.—A plan is now on foot to make a water garden at the New Mexico College of Agriculture and Mechanic Arts. The old McElie hall, which was burned to the ground was constructed with a basement made of concrete, this basement being the full size of the building and about five feet deep. Instead of filling up the concrete basement a plan has been suggested whereby it could be kept filled with water, a mound of rocks erected in the center with a fountain on top and the entire tank so formed, planted with the various forms of water plants and flowers.

This would make a beautiful water garden just at the junction of part of the new driveway and practically at the entrance to the new quadrangle of buildings. The water could be obtained from the new pumping plant and could be kept fresh without any expense or labor, the drainage from the old site of McElie hall being almost perfect.

The matter will be taken up this week and it is thought that the garden will be started as soon as the new building.

JURY DISAGREES IN ONE DISORDERLY HOUSE CASE

Rooming House Proprietor Tried in Police Court Tuesday, Will Be Given Another Hearing.

Being unable to agree, a jury sitting in police court in the case of Mrs. N. A. Black, charged with conducting a disorderly house, was excused Wednesday afternoon by Judge Lea. Mrs. Black was arrested in the raid on a San Antonio street rooming house conducted by chief Jenkins of the police department and other officers a week ago. She and two other women were arrested, and according to the testimony introduced at the Wednesday afternoon hearing, a man who had been in one of the rooms made his escape by way of the fire escape.

The hearing of the case was commenced at 2 o'clock and the disagreement of the jury was reported at 3 o'clock. Attorney Volney Brown, for city, then asked that the case be set for the second hearing Friday afternoon.

The cases of Harry Brown, A. Gonzales, J. E. Millington and Tom Boyd, all charged with vagrancy and all of whom were arrested in the Wednesday night raid, were dismissed at the Wednesday afternoon session of police court on the motion of the city attorney.

Baby's Voice

Friend. This great remedy prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. Mother's Friend assists nature in gradually expanding all tissues, muscles and tendons, it strengthens the ligaments, keeps the breasts in good condition, and brings the woman to the crisis in healthful physical condition. The regular use of Mother's Friend lessens the pain when baby comes, and assures a quick and natural recovery for the mother. For sale at drug stores. Write for free book for expectant mothers.

Every woman's heart thrills at the cooing and prattling of a baby, and motherhood is her highest and purest joy. Yet the suffering incident to this great consummation of her life's desire, robs the anticipation of some of its sweetness. Most of this can be avoided by the use of Mother's Friend.
